Reference: Lord-Shope RD/RA Monthly Progress Report

Dear Mr. Turner:

Lord is hereby submitting five copies of the monthly progress report for August, 1994.

The following work was conducted during this period:

REMEDIAL DESIGN/REMEDIAL ACTION

Lord has now received approval for the Remedial Design from USEPA and is preparing to proceed with the Remedial Action. The Bid Package was finalized and submitted to six qualified bidders from an original screening of 12 contractors. The current plan is to award the contract on August 26, 1994 and commence field activities in September.

MISCELLANEOUS:

The monthly inspection was performed and the site is in good condition.

Lord has received a response to our offer to resolve access and damages from Over Lake. Unfortunately, the offer was similar to a previously rejected offer and therefore was declined. At this time Lord no longer has access rights to Over Lake property and have therefore ceased all sampling and maintenance of wells and equipment on the Over Lake property. Our offer to Over Lake to extend the current access agreement still stands. Lord will officially request USEPA assistance to obtain access if a prompt positive response is not received from Over Lake.

Yours truly,

LORD CORPORATION
